

Master of Education Online Program

Invest in your future when you join one of the most affordable online M.Ed programs in the nation.

Why should you enroll in the CSU Pueblo Master of Education online program?

Move up the pay scale

Flexible online schedule

Expand expertise in educational research and collaboration

Become a school leader who is able to mentor and coach peers

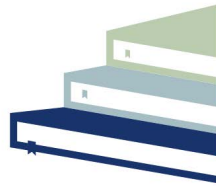

Apply strategies towards ongoing professional development

Finish in 3 semesters full-time or 5 semesters part-time.

The mission of the Master of Education Online Program is to apply current research on teaching, learning, and system change to prepare Master Teachers for PK-12 classrooms. Our graduates are leaders who possess expertise in the content area in which they teach and in the pedagogy of teaching and learning.

While enrolled in the program, up to 18 elective credits of emphasis area coursework can be completed through our Teacher Education Program partners and select Providers, including **Therapy Advance Courses.**

Therapy Advance Courses

"The Online Program is very well organized, which makes it very easy to stay on track. This is accomplished by a great structure and great communication."

- Jaime Rogers,
MEd Graduate
